SENTA PUR L Bath and Shower Lift
Innovative Combination Lift for Bathing and Showering

Easily Converts Into a Stretcher or Bath Lift

The SENTA PUR L is an innovative bath lift that quickly converts into a stretcher style lift with the addition of optional “wing” modules, offering unparalleled leg support to residents with limited mobility. The SENTA PUR L can also lift residents directly from beds. The deep carrier frame allows for easy pass through for simplified pick-up onto the lift. The unique combination style design of the SENTA PUR L eliminates the need for purchasing an additional lift, caregivers can easily switch from seated position to the lying position providing your resident with versatility in care. Fits any type of existing care tub, the SENTA PUR L is extremely easy to maneuver and can be operated by a single caregiver.

Battery and charger are backwards compatible across all Handicare by Beka mobile lifts.

Caregiver and Resident Benefits

Handheld operation with problem indication and battery level display.

Digital patient scale. (optional)

Seat area with large, lockable hygiene opening.

Easy battery access and removal.

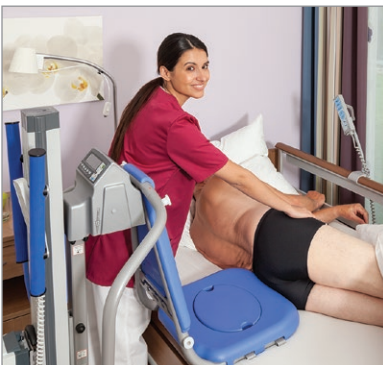

The PUR padding is easily slid onto the stainless steel frame and can be removed at any time.

Four high-quality double castors, two of them with brakes, provide easy movement.

The carrier frame is made from high-quality steel and formed for self-entry.

Easily lift residents directly from beds with easy pass through.

Side rail for increased safety plugs in easily and features safety lock.

Two removable stretcher lift wings comfortably convert the seat lift into a full stretcher lift. The two modules are easily clicked into an existing safety adapter at the seat tray. Also available with a foot rest. (optional)

SENTA PUR L Bath and Shower Lift
