

# INOLIFT625/750

## INOLIFT 625/750 MOBILE PATIENT ELECTRIC LIFT

- The InoLift 625/750 is the industry's safest, most user-friendly, mobile electric patient lift
- Manufactured in North America, the InoLift includes a long list of standard features specifically engineered to optimize patient comfort and safety and reduce caregiver injury
- All components are highest industry standard from Linak controls and actuator to Tente casters
- Optional external scale
- Optional flat leg option allows lift to clear under even the lowest of low beds or stretchers. (2.25" clearance)
- Optional gait training arms for ambulation
- Optional advanced Linak controls

## FEATURES

- 625 lb. lifting capacity (750 lb. version also available)
- Standard power base widening
- Standard low caster configuration
- Kickbar for pushing and protection
- Extra-long boom for exceptional lifting height
- 2, 4 & 6 point spreader bar options
- 16", 18" and 21" optional spreader bar sizes
- Extended lifting range of 82 inches (measured at spreader bar hooks) on 625lb model
- 3-year warranty of frame, 3 year on actuator, 1 year on electronics
- Linak controls and batteries (optional advanced controls allows service and utilization data)
- Electronic & Manual Emergency Lowering
- Electronically Controlled Overweight Limit standard
- Made in Canada

## TECHNICAL SPECIFICATIONS

|                           |                              |
|---------------------------|------------------------------|
| Operation:                | Linak Electric Actuator      |
| Front Casters:            | Tente 3" (optional 4")       |
| Rear Casters:             | Tente 4" (optional 5")       |
| Flat Leg Option:          | 2.25" clearance              |
| Removable Battery Pack:   | Linak SLA (Li-Ion available) |
| Charger:                  | 24VCSA/UL approved           |
| Overall Weight:           | 115 lb                       |
| Construction:             | Rectangular Steel Tubing     |
| Spreader Bar (Highest):   | 82"                          |
| Spreader Bar (Lower):     | 18"                          |
| Finish:                   | Polyester powder coat, baked |
| Emergency Stop Switch:    | Standard                     |
| Overall Length:           | 51"                          |
| Base Width - Closed:      | 24"                          |
| Emergency Up/Down Switch: | Standard                     |
| Digital Weigh Scale:      | Optional                     |

## OPTIONAL SCALE

## OPTIONAL FLAT BASE

## LIFTING HEIGHT
