SpaBath  
COMPANY

SpaBath's Roll-Door® Technology and unique features provide a safe, comfortable spa-like bathing environment. The full-width unobstructed opening, easy push-button operation of ALL built-in operating functions, precise thermostatically controlled water supply, dual door seals and water level sensors ensure that seals will remain inflated with water in tub, deluxe heated air spa massage system with aroma and chroma therapy options and laser protected doorstop when necessary provide unequaled safety, ease of use, and comfort for residents and caregivers.

SpaBath is ideal for seniors wanting to maintain their independence and those that could benefit from the soothing and relaxing advantages of a luxurious spa.
